

Presents **BAND PERRY**

The Band Perry is an American country music band composed of Kimberly Perry (lead vocals, rhythm guitar, piano) and her two brothers: Reid Perry (bass guitar, background vocals) and Neil Perry (mandolin, drums, accordion, background vocals). The group signed to Republic Nashville in August 2009 and has released two singles: "Hip to My Heart" and "If I Die Young." Both songs will be included on the band's self-titled debut album, slated for release in October 2010.

Merging country, pop, and rock elements into a sharp contemporary sound, the Band Perry are comprised of siblings Kimberly Perry (lead vocals, guitar, and piano), Reid Perry (bass guitar), and Neil Perry (drums, mandolin, and accordion). The band officially formed in the summer of 2005, although the siblings had been singing together at home and in various configurations and bands since their childhoods together in Mobile, AL. Kimberly, blessed with an expressive and fiery vocal style, joined and fronted her first band when she was only 15 years old, and used her brothers Reid (ten years old) and Neil (eight years old) as roadies.

Eventually the two brothers formed their own band, and often worked as an opening act for their sister. All three still sang together at home, though, perfecting their three-part harmony style and writing songs on occasion. In 2005 all three finally officially joined forces as a working band and found themselves on the New Faces of Country tour that same year. In 2008 the group met Garth Brooks manager Bob Doyle, who liked what he saw and heard of the group and moved the threesome into the studio to work on songs.

The recordings caught the attention of Scott Borchetta and Jimmy Harnen of the newly formed Republic Nashville label, which quickly signed the band in the summer of 2009. A debut single, "Hip to My Heart," was issued in November of that same year, which also saw the Band Perry begin working on their debut album with producers Nathan Chapman and Paul Worley. A self-titled EP was released in May 2010.
