

## INVITATION

# XVI National Congress of Cardiology

04-07 October 2018

Albena Resort

The National Cardiology Congress, organized by the Bulgarian Society of Cardiology (BSC), is one of the largest scientific forums in Bulgaria and our expectations are for nearly 1000 participants from the country as well as presence of leading foreign specialists.

At the congress we will have the opportunity to discuss the latest developments in cardiology through focus lectures, sessions devoted to current guidelines for behavior and clinical studies that change our day-to-day practice. For the additional interactivity of the event also contributes the scientific sessions of the BSC, the discussions of challenging clinical cases and the debate sessions. In the congress program, nominated lectures in the name of prominent Bulgarian scholar cardiologists together with scientific sessions of young researcher have traditionally been included, which we believe build a bridge between the traditions and the future development of the society. New at the XVI National Congress of Cardiology is the introduction of special sessions for practical training in the various partitions of the modern cardiology, as well as sessions presenting original scientific developments conducted in Bulgaria in the recent years.

A great form of sharing your experience and beneficial discussions will be the poster sessions that will be given special attention.

During the congress, a rich specialized exhibition will be organized to present the leading companies in the field of production of medicines, consumables and medical equipment.

Our goal is to organize the most beneficial, interactive and innovative forum open to discussions and international exchange of ideas and experience.

The Albena resort, where will be held the event, is one of the pearls of the Bulgarian Black Sea coast, located close to our sea capital Varna and combining breathtaking views, a wonderful atmosphere, special charm and magnetism. An interesting fact is that the Albena resort has an active environmental policy focused on the protection of the environment. The complex is awarded the prestigious Blue Flag award, which is a testimony to its clean water and shores. The listed above will add extra attractiveness and charm to your professional participation in the congress.

Dear Colleagues,

The scientific forum will contribute to strengthen our professional and scientific contacts to meet the modern requirements of our specialty.

***We expect active participation from all of you to make this Congress a success!***

## ORGANISING COMMITTEE

CHAIRMAN: Prof. Arman Postadzhiyan

### MEMBERS

Prof. Asen Gudev  
Prof. Maria Milanova  
Prof. Dimitar Raev  
Prof. Diana Trendafilova  
Prof. Snejana Tisheva  
Prof. Anna Kaneva  
Prof. Nina Gocheva  
Prof. Plamen Gatzov  
Prof. Branimir Kanazirev  
Prof. Yoto Yotov  
Prof. Ivo Petrov

Assoc. Prof. Maria Tokmakova  
Assoc. Prof. Krasimira Hristova  
Assoc. Prof. Bozhidar Finkov  
Assoc. Prof. Vasil Velchev  
Assoc. Prof. Dobrin Vasilev  
Assoc. Prof. Mariana Gospodinova  
Assoc. Prof. Ivan Gruev

Dr. Svetlin Tzonev
