

# **4Ts<sup>R</sup> Conference**

**(top to toe transcatheter solutions)**

**Program Chairman:**

**Omar K. Hallak, MD**

**Chief, interventional cardiologist**

**American Hospital Dubai, UAE**

## **Intra cranial session:**

Intra cranial circulation

Intra cranial PTA/stenting

Cerebral aneurysms obliteration

## **Carotid intervention session**

Intervention VS surgery

Challenging cases of carotid stenting

Carotid protection devices

## **Thoracic aorta/ subclavian artery interventions**

Stenting of thoracic aorta

Subclavian artery intervention

Subclavian vein intervention

## **Coronary intervention**

LM intervention

Bifurcation stenting

IVUS/OTC/pressure wire

Coronary thrombus what is new?

SVG intervention

## **Non- coronary cardiac intervention**

Aortic valve intervention

Mitral valve intervention

Septal ablation

ASD /PFO occlusion

## **Abdominal aorta intervention**

AAA

Renal artery intervention

New treatment for RAS

Celiac /mesenteric intervention

## **Lower extremity artery intervention**

Iliac artery intervention

SFA intervention

Pop artery aneurysm

Pop artery stenting

## **Below the knee artery intervention**

Diabetic foot ulcer

Foot arteries intervention

Retrograde access

Coronary stent in the leg
