BALKAN ENDOVASCULAR COURSE

INTERNATIONAL
SOCIETY OF
ENDOVASCULAR
SPECIALISTS

www.becmeeting.com

PROGRAM

Organised by
Bulgarian Society for
Endovascular Therapy

14 December (Friday)

12.30 – 13.00	Registration
MODULE 1	Basic skills for endovascular specialists – Illustrated <i>Moderators: Prof. H. Londero, Assoc. Prof. G. Kirova, Dr. V. Velchev</i>
13.00 – 13.20	Best approach for iliac CTO Dr. D. Vassilev
13.20 – 13.40	Best approach for femoral CTO Prof. Y. Yokoi
13.40 – 14.00	Retrograde approach for BTK Dr. V. Chervenkov
14.00 – 14.20	Cervical approach for CAS Dr. Daskalov
14.20 – 14.40	Radial complications Dr. N. Stoyanov
14.40 – 15.00	Treatment of splenic artery pseudo aneurysm – tips and tricks Assoc. Prof. V. Cherevenkov
15.00 – 15.20	Jugular puncture for dialysis catheter using echo Dr. C. Bachvarov
15.20 – 15.40	Sponsored Lecture (Bracco)  Prevention of contrast induced nephropathy Assoc. Prof. I. Petrov
15.40 – 16.00	<i>Coffee break</i>
16.00 – 16.20	Radial approach for CAS-tips for the novice Dr. G. Goranov
16.20 – 16.40	Frugal CAS – if you can't do it in 15 min think about surgery Dr. V. Velchev
16.40 – 17.00	How to stent the femoral segment- is a best stent exist Prof. H. Londero
17.00 – 17.20	BTK – my favourite tools Dr. V. Gelev
17.20 – 17.40	Endovascular treatment of extra and intra cranial malformations Prof. P. Bosnjakovic/ Dr. Sirakov
17.40 – 18.00	Who is the perfect candidate for aneurysm coiling Dr. M. Lilov
18.00 – 18.45	Satellite Symposium (GE&Sopharma)  GE Healthcare "Iodixanol vs. low osmolar contrast agents"  sopharma Georgios Konstantopoulos, MD, Associate Medical Director – GE Healthcare EE Region Assoc. Prof. I. Petrov
19.00	<i>Cocktail Only for Faculty Members and General Sponsors' representatives (Hilton Restaurant)</i>

15 December (Saturday)

08.00 – 08.20	OPENING CEREMONY
08.20 – 08.30	ENDORSEMENT BY ISES Dr. Edward Diethrich – Chairman of Board
SESSION 1	Extra and Intra Cranial Interventions. Neuro Interventions <i>Moderators: Prof. K. Mathias, Prof. S. Cerkirge, Dr. V. Velchev</i>
08.30 – 08.45	The evolution of our endovascular specialty. Is there a quagmire in the future? Dr. E. Diethrich

PROGRAM

Organised by
Bulgarian Society for
Endovascular Therapy

08.45 – 09.00	CAS – strategy, pitfalls and complication management Dr. R. Langhoff
09.00 – 09.15	Treatment of acute carotid occlusions Prof. K. Mathias
09.15 – 09.30	Stroke interventions management Prof. P. Bosnjakovic
09.30 – 09.45	Cerebrovascular procedures (extra cranial carotids) Prof. H. Londero
09.45 – 10.00	Recanalization and stenting of total and subtotal occlusions in carotid arteries Assoc. Prof. I. Petrov
10.00 – 10.15	Acute stroke management Prof. K. Mathias
10.15 – 10.45	Satelite Symposium Philips „ Edge-generation innovations in X-Ray and image diagnostics”
10.45 – 11.00	<i>Coffee break</i>
11.00 – 12.15	LIVE CASE (CAS) – St. Anna Hospital Sofia LIVE CASE (CAS – radial approach) – University Clinic, Skopje, Macedonia
12.15 – 13.00	Satelite Symposium  “Algorithm of therapeutical behavior in patients with Coronary Heart Disease” Statins in Coronary Heart Disease Assoc. Prof. I. Petrov Beyond statins therapy in patients undergoing revascularization Assoc. Prof. A. Postadjian
13.00 – 14.00	<i>Lunch</i>
14.00 – 14.15	Pipeline flow diverter in the treatment of cerebral aneurysms Prof. F. Briganti
14.15 – 14.30	Advanced stent assisted endovascular aneurysm treatment – where do we stand? Prof. S. Cekirge
14.30 – 14.45	Cerebral aneurysm embolization – single center experience Assoc. Prof. I. Petrov
14.45 – 15.00	"Curative endovascular treatment of cerebral pial AVMs with ONYX - long term results of 350 patients Prof. S. Cekirge
15.00 – 15.30	LIVE CASE (Cerebral Aneurysm) – Nis, Serbia
15.30 – 15.45	Chronic cerebrospinal venous insufficiency: State of the art and research challenges Prof. M. Simka
15.45 – 16.00	Endovascular treatment of CCSVI – the experience of Tokuda Hospital Sofia Assoc. Prof. I. Petrov
16.00 – 16.15	PTA of CCSVI: Hardware, Results and Problems Dr. D. Reid
16.15 – 16.30	Clinical results after CCSVI treatment Prof. M. Denislic
16.30 – 16.45	<i>Coffee break</i>
SESSION 2	Venous Interventions and miscellaneous <i>Moderators: Dr.N.Bacrachevski , Prof.L.Grozinski, Assoc. Prof.V. Chervenkov</i>
16.45 – 17.00	Pulmonary embolism Assoc. Prof. A. Postadjian
17.00 – 17.15	Sahpenous vein ablation Dr. N. Bakrachevski (Ohrid, Macedonia)
17.15 – 17.30	Treatment of visceral artery stenosis Assoc. Prof. I. Petrov

PROGRAM

Organised by
Bulgarian Society for
Endovascular Therapy

17.30 – 17.45	Diagnostic and treatment of superior cava syndrome Prof. I. Grozdinski
17.45 – 18.00	Laser ablation of peripheral veins Dr. A. Angelov
18.00 – 18.15	Stenting in May - Thurner syndrome Assoc. Prof. I. Petrov
18.15 – 19.00	LIVE CASE – Management of difficult access for dialysis – St. Anna Hospital LIVE CASE – Varikocele Embolization – Nis, Serbia
19.00 – 19.45	Satelite Symposium (Bayer)  Bayer <i>Moderator: Assoc. Prof. K. Girov</i> “Xarelto (rivaroxaban) – the first oral direct Xa factor inhibitor for treatment and secondary prevention of pulmonary embolisms” Assoc. Prof. V. Chervenkov Angiojet rheolytic thrombectomy system in acute occlusion of peripheral arteries and bypass reconstructions Dr. C. Bachvarov
19.45	<i>Gala Dinner (Hilton Seasons Restaurant)</i>

16 December (Sunday)

SESSION 1	Below the knee (BTK) <i>Moderators: Prof. Y. Yokoi, Assoc. Prof. V. Chervenkov, Dr. R. Langhoff</i>
08.30 – 08.45	My initial ABSORB experience Assoc. Prof. I. Petrov
08.45 – 09.00	Critical limb ischemia Prof. H. Londero
09.00 – 09.15	Re-entry devices - Tips and tricks and do we need them? Dr. R. Langhoff
09.15 – 09.30	Importance of CO2 angiography for lower limb interventions Prof. Y. Yokoi
09.30 – 10.00	LIVE CASE – St. Anna Hospital Sofia
10.00 – 10.15	4F day case intervention of lower limb: How I do it? Dr. D. Kuhelj
10.15 – 11.00	Satelite Symposium (Abbott)  Abbott <i>A Promise for Life</i> “Endovascular Technologies for the leg: Longer term data and Future Technologies” Real Life Experience of Endovascular first approach in TASC C and D patients after BRAVISSIMO (TBC) Technologies for the future: Resorbable stents Absorb BTK and ESPRIT (TBC) Complex lesion access with today's technologies - (Recorded cases with practical tips-TBC)
11.00 – 11.15	<i>Coffee break</i>
SESSION 2	Superficial Femoral Artery Treatment (SFA) <i>Moderators: Prof. M. Stankev, Prof. Y. Yokoi, Assoc. Prof. V. Chervenkov, Dr. De Loose</i>
11.15 – 11.30	The importance of Drug-eluting balloons Assoc. Prof. V. Chervenkov/ Dr. A. Daskalov
11.30 – 11.45	Hybrid techniques for revascularization of PAD Dr. C. Bachvarov/ Dr. Cheshmedjiev

PROGRAM

Organised by
Bulgarian Society for
Endovascular Therapy

11.45 – 12.00	Sponsored Lecture (Terumo)  TERUMO Stenting of SFA – my MISAGO experience Assoc. Prof. I. Petrov
12.00 – 12.30	LIVE CASE – St. Anna Hospital Sofia
12.30 – 12.45	Rotarex for Acute and Chronic arterial occlusions Prof. T. Zahariev
12.45 – 13.30	Satellite Symposium  BIOTRONIK <i>excellence for life</i> “4F? 6F? DEB? When? Why?” Dr. K. De Loose Dr. R. Langhoff Dr. D. Vassilev
13.30 – 14.30	Lunch
14.30 – 14.45	Modern treatment of SFA Dr. V. Gelev
SESSION 3	Iliac Interventions <i>Moderators: Prof. T. Zahariev, Assoc. Prof. V. Chervenkov, Dr. S. Kedev</i>
14.45 – 15.00	Iliac artery stenting through the radial access Dr. S. Kedev
15.00 – 15.15	Visceral artery treatment Prof. K. Mathias
15.15 – 15.30	Endovascular approach of iliacs works in all TASC lesions Dr. K. De Loose
15.30 – 15.45	Sponsored Lecture (Devimed) Open questions in peripheral vascular intervention, the CID technological approach Dr.
15.45 – 16.00	Hybrid vascular procedures in patients with multilevel arterial lesions Prof. T. Zahariev
16.00 – 16.15	Iliac percutaneous recanalization Assoc. Prof. V. Chervenkov
SESSION 4	SUBCLAVIAN ARTERY, AORTA and TAVI <i>Moderators: Prof. H. Londero, Dr. D. Reid, Prof. K. Mathias</i>
16.15 – 16.30	Subclavian, innominate and vertebral artery treatment Prof. K. Mathias
16.30 – 16.45	TAVI Prof. J. Jorgova
16.45 – 17.00	<i>Coffee break</i>
17.00 – 17.15	Abdominal Aortic Aneurysm Repair Prof. H. Londero
17.15 – 17.45	LIVE CASE (Cardiatis stent implantation) - St. Anna Hospital Sofia
17.45 – 18.00	Problem of re-stenosis in peripheral endovascular procedures Dr. J. Busquet
18.00 – 18.15	A disruptive technology: the multilayer flow modulator Dr. E. Diethrich
18.15 – 18.45	General Assembly of the Bulgarian Society for Endovascular Therapy

With support of:
