IV NATIONAL INTERVENTIONAL CARDIOLOGY SYMPOSIUM

9 - 11 October 2009
Kempinski Hotel Zografski, Sofia

Bulgarian Society of
Cardiology
www.cardiobg.com

Dear Colleagues,

On behalf of the Organizing Committee I am honored to invite you to participate in the IVth National Symposium of Interventional Cardiology, which will take place on 09–11th October 2009 in Kempinski Hotel Zografski – Sofia under the auspices of Bulgarian Society of Interventional Cardiology and Bulgarian Society of Cardiology.

We shall put every effort to design a challenging program, which will include live case sessions and lectures of well-known Bulgarian and international experts in the field of interventional cardiology.

Our aim is to prepare this course as an interactive one with an opportunity for everyone to participate along with the experts in the process of decision making and finding the best solutions of the exciting cases in the program.

We expect that the Symposium will be attended by more than 500 participants from Bulgaria as well as by many foreign specialists.

We look forward to welcome you this autumn in Sofia!!

Assoc. Prof. Bozhidar Finkov

President of the Bulgarian Society of Interventional Cardiology
